Recent Company Highlights

- A strategic exploration portfolio of critical and energy metals in Europe and Canada;
- The 5th best antimony-silver intercept globally for 2024-25 announced in January 2025;
- A 231 sq. mile portfolio of uranium claims around the Athabasca Basin, SK, Canada featuring up to 6.2 % U₃O₈ surface sample to be advanced in 2026;
- Phase III drill program in Bosnia aimed at proving the size of the Sb-Ag-Zn mineralization commenced in August, 2025.

About Terra Balcanica Resources Corp.

Terra Balcanica is a polymetallic and energy metals exploration company targeting large-scale mineral systems in the Balkans of southeastern Europe and norther Saskatchewan, Canada. The Company has 90% interest in the Viogor-Zanik Project in eastern Bosnia and Herzegovina. The Canadian assets comprise a 100% optioned portfolio of uranium-prospective licences at the outskirts of the world-renowned Athabasca basin: Charlot-Neely Lake, Fontaine Lake, Snowbird, and South Pendleton. The Company emphasizes responsible engagement with local communities and stakeholders. It is committed to proactively implementing Good International Industry Practice (GIIP) and sustainable health, safety, and environmental management.

About Virtual Investor Conferences®

Virtual Investor Conferences (VIC) is the leading proprietary investor conference series that provides an interactive forum for publicly traded companies to seamlessly present directly to investors.

Providing a real-time investor engagement solution, VIC is specifically designed to offer companies more efficient investor access. Replicating the components of an on-site investor conference, VIC offers companies enhanced capabilities to connect with investors, schedule targeted one-on-one meetings and enhance their presentations with dynamic video content. Accelerating the next level of investor engagement, Virtual Investor Conferences delivers leading investor communications to a global network of retail and institutional investors.
